

PERMATONE INTERIOR FINISH WARRANTY

PermaTone, Inc. will warrant for **ten (10) years** that its textured coating, when installed according to PermaTone specifications and individual product data recommendations, will not lose its bond, peel or flake from the substrate over which it is applied. The colors will be fade resistant unless otherwise specified by PermaTone.

This warranty does not cover defects caused by (i) substrate failure, (ii) water penetration behind the substrate, (iii) structural or design defects, (iv) abuse, vandalism, war or acts of God, or (v) incorrect application not in accordance with PermaTone specifications.

PermaTone’s obligations hereunder shall be limited to the **replacement and repair of the coating materials** in those areas where the coatings are not performing as guaranteed. There shall be no liability for damage to other components of the building in which PermaTone products have been installed. In no event shall PermaTone be liable for any indirect or consequential damages of owner or any third party.

Any claim of defect in material or workmanship must be made in writing to PermaTone and to its authorized applicator and/or distributor within the warranty period. This warranty will not cover damage resulting from the subsequent application, repair or other work on a surface to which the PermaTone products have been applied without written consent from PermaTone as to the methods and materials to be used by the party who will apply those materials.

Except as stated, PermaTone makes no warranties – expressed or implied – of merchantability or fitness for any particular purpose otherwise. This warranty constitutes the final, complete and exclusive agreement between the owner and PermaTone and shall apply to and bind PermaTone, owner and their respective successors and assigns (but nothing herein shall limit the prohibition of assignment of any rights of owner hereunder without the express written consent of PermaTone, Inc.).
